NORTHERN GROWN GLADIOLUS

PRICES ARE QUOTED FOR SPRING OF 1952 ONLY

Many thanks to all our customers for your orders and the many nice letters telling us about the nice Glads grown from our bulbs. Some of you have been steady customers for 10 to 15 years. We have the usual good young bulbs and a good stock of most varieties, however, stock of a few varieties is rather limited and will be sold out early. ORDER EARLY to be sure of getting varieties wanted. A second choice or permission to send same or better value of another size or variety is advisable if order is sent late in the season.

CASH WITH ORDER PLEASE. ALL ORDERS OF \$2.00 or over are sent postpaid.

Delivery will be made when safe from frost. Acknowledgment of orders is made by card, also a card is sent the day before bulbs are shipped to customers on rural routes.

The standard sizes and grading used in the bulb trade are as follows:-

LARGE bulbs are #1 and #2 (#1 is $1\frac{1}{2}$ in. and over in diameter) #2 is over $1\frac{1}{2}$

MEDIUM bulbs are #3 and #4 (#3 is 1 in. and over, #4 is $\frac{3}{4}$ in. to 1 inch)

We ship all #3 bulbs for medium size so our medium bulbs will average much larger than most Growers ship as medium. A good medium size bulb will give as good bloom as a large bulb with almost all varieties and are much cheaper.

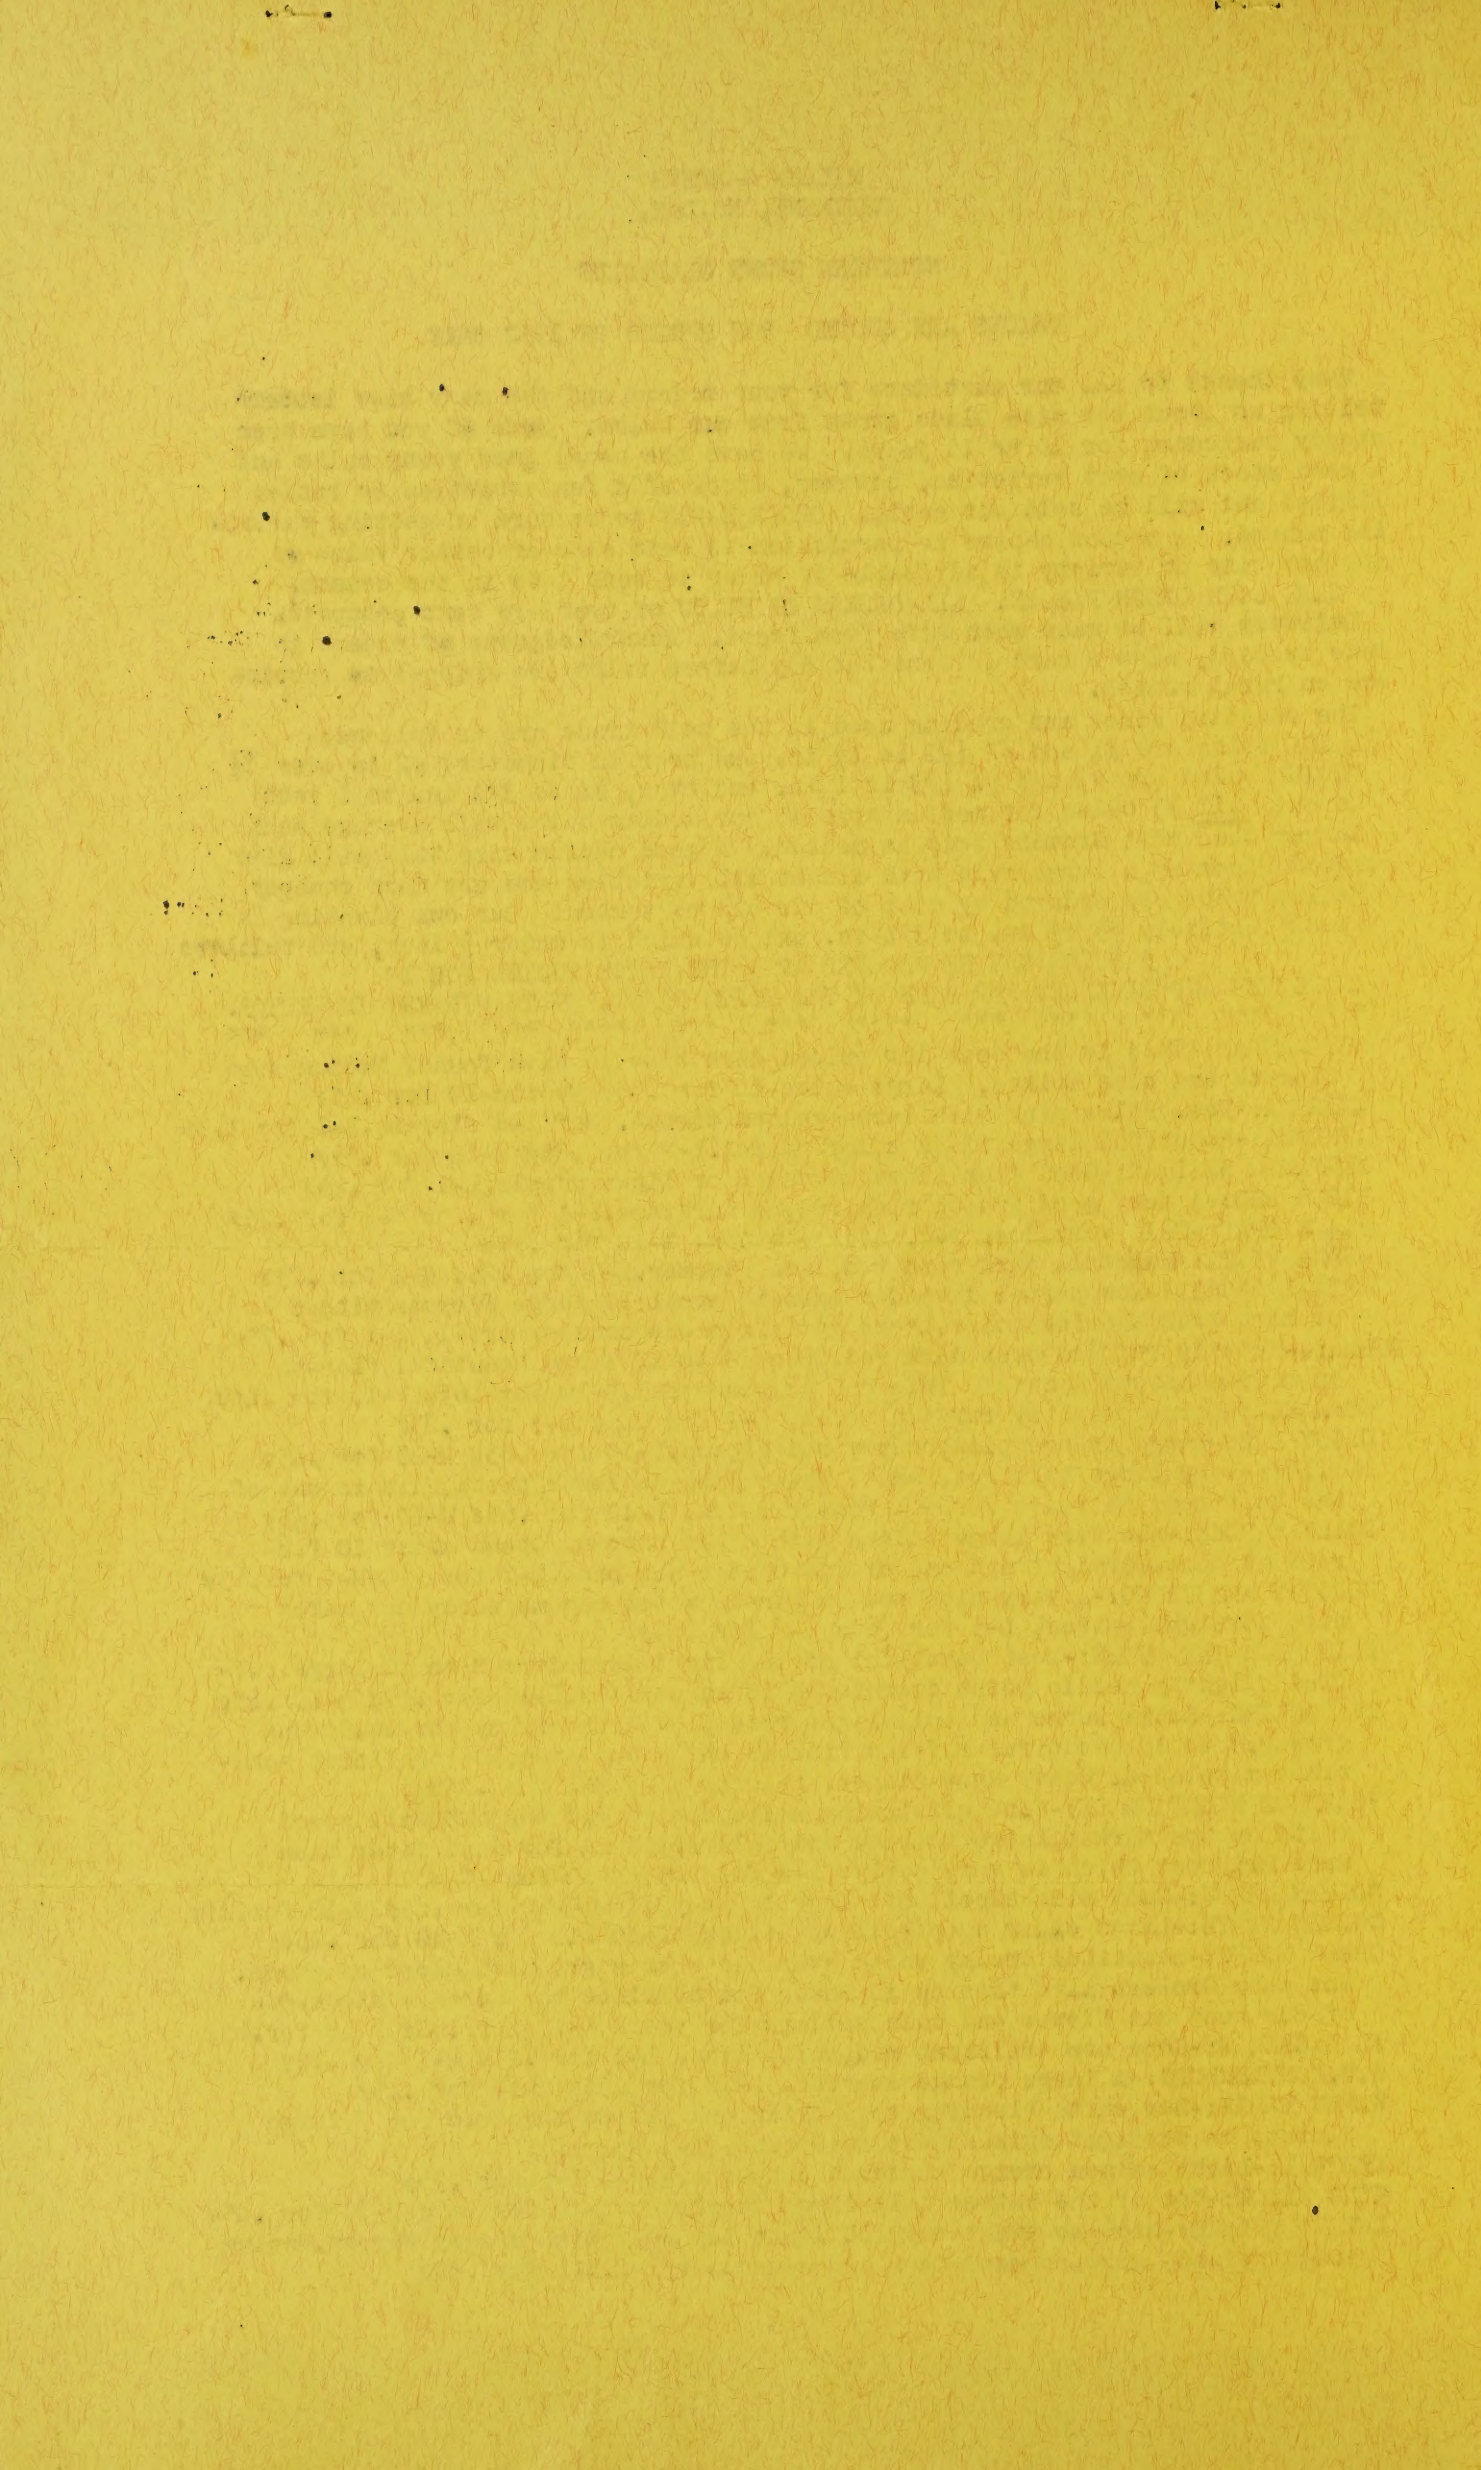

Medium bulbs are ordered by most of our old customers. Our own planting is almost entirely #5 ($\frac{1}{2}$ in. to $\frac{3}{4}$ in. and #6 which is under $\frac{1}{2}$ inch, and bulblets

5 BULBS MAY BE ORDERED AT $\frac{1}{2}$ THE PRICE QUOTED FOR 10

INSPECTED AND LICENSED FOR SALE BY THE NORTH DAKOTA STATE NURSERY INSPECTOR.
